

## Clinical Trials Notification Scheme Metrics

In the 6 months from launch on 1<sup>st</sup> April 2011 to 30<sup>th</sup> September 2011, a total of 15 submissions were made to the MHRA under the Clinical Trials Notification Scheme. In the same period, 83 Clinical Trial Authorisation applications were submitted for Phase IV clinical trials. Of these, 37 would have been eligible for submission under the Notification Scheme. As a result, a substantial number of trial Sponsors are missing out on the benefits available for clinical trials submitted under the scheme.
