Keep this medicine out of the sight and reach of children.

Read all of this leaflet carefully before you start taking this medicine because it contains important information for you.

Always take this medicine exactly as described in this leaflet or as your doctor or pharmacist has told you. Keep this leaflet. You may need to read it again.

How to store this medicine
Do not store above 25°C. Store in the original packaging.

How to take this medicine
Take this medicine for the short term treatment of acute moderate pain, which is not relieved by paracetamol, ibuprofen or aspirin alone.

This medicine contains codeine which can cause addiction if you take it continuously for more than three days. This can give you withdrawal symptoms from the medicine when you stop taking it.

If you take this medicine for headaches for more than three days it can make them worse.

Always take this medicine exactly as described in this leaflet or as your doctor or pharmacist has told you. Keep this leaflet. You may need to read it again.

Ask your pharmacist if you need more information or advice.

If you get any side effects, talk to your doctor or pharmacist. This includes any possible side effects not listed in this leaflet. You can also report side effects directly via the Yellow Card scheme at: www.mhra.gov.uk/yellowcard.

If you stop taking this medicine suddenly, you may experience withdrawal symptoms from the medicine when you stop taking it.

If you take this medicine for headaches for more than three days it can make them worse.
